Information Item

Ref: **PRESENTATION ON THE DRAFT FEDERAL FISCAL YEAR 2003-04 FEDERAL TRANSIT ADMINISTRATION SECTION 5310 ELDERLY AND DISABLED TRANSIT PROGRAM**

Staff will present the draft Federal Fiscal Year (FFY) 2003-04 Section 5310 Elderly and Disabled Transit Program (Program) project list. Attached are the letter and Draft FFY 2003-04 Prioritized Project List as submitted to the Regional Transportation Planning Agencies (RTPA) and applicants for the Program.

For the FFY 2003-04 Program, the RTPAs submitted 109 eligible applications representing 330 projects. This represents a request for a total of \$14.896 million in Program funds.

Background:

The Program was established in 1975 and has been administered by the Department of Transportation (Department) since its inception. It provides annual grants of federal funds to purchase transit capital equipment to meet the specialized needs of elderly and/or disabled persons for whom mass transportation services are unavailable, insufficient, or inappropriate. A 20% local match is required from all Program participants. The Program has provided approximately 2,600 vehicles to serve a variety of client groups and programs ranging from small agencies with specific clientele (e.g., dialysis and AIDS patients) to paratransit providers serving entire communities. Most of these agencies are non-profit organizations while some are public agencies where no non-profit organizations are readily available to provide the specialized service.

In 1996, AB 772 passed directing the California Transportation Commission (Commission) to have oversight responsibilities for the Program. AB 772 placed three mandates on the Commission regarding the Program:

1. The Commission shall direct the Department on how to allocate funds for the Program.
2. The Commission shall establish an appeals process for the Program.
3. The Commission shall hold at least one public hearing prior to approving its Program of Projects.

In January of 1997, the Commission approved the procedures and criteria for the Program that utilize project scoring criteria and a Statewide Review Committee consisting of representatives from the State Department's of Rehabilitation, Aging, Developmental Services and Transportation, with Commission staff acting in the role of facilitator/coordinator for the Statewide Review Committee.

In accordance with the Commission's adopted procedures, the RTPA or its designated Regional Evaluation Committee score projects within their jurisdiction utilizing the Commission's adopted project scoring criteria and forwards a scored list of their projects to the Department. The RTPA must notify its applicants of their project scores and provide information about the local appeals process. The Statewide Review Committee rescores the projects to verify the scores given at the regional level. In those instances where there is a sizable difference between regional and Statewide Review Committee project scores, the Department contacts the regions and the differences are thoroughly discussed. A statewide prioritized list of projects is then created representing 110% of the estimated available funds.

Typically, the Commission adopts the Program of Projects down to the 110% funding level to allow flexibility if projects higher up on the list are not completed. The current estimate of available funding is \$12.78 million including approximately \$11.2 million in FFY 2003-04 funding and \$1.58 million made available from past grant cycles in which project savings were realized or projects were not completed. This puts the 110% of estimated available funding at \$14.058 million (all of these figures include the required 20% local match less 5% for the Department's administration of the Program).

Commission staff and the Statewide Review Committee have scheduled a staff level conference for August 20, 2003, to hear any appeals by RTPAs and/or project applicants. Depending on the outcome of the staff level conference some projects may be rescored. Once a final determination is made a statewide prioritized project list will be assembled and presented to the Commission at its September 2003 meeting, at which time the Commission conducts the mandated public hearing and may adopt the Program of Projects for FFY 2003-04.

August 4, 2003

TO: REGIONAL TRANSPORTATION PLANNING AGENCIES
APPLICANTS FOR THE ELDERLY AND DISABLED TRANSIT PROGRAM

The Statewide Review Committee has reviewed the scored applications for the Federal Fiscal Year (FFY) 2003-04 Elderly and Disabled Transit Program (Title 49 U.S.C. Section 5310) from the Regional Transportation Planning Agencies and, using the program criteria adopted by the California Transportation Commission (Commission), has developed the draft statewide prioritized project list (copy enclosed). In those instances where there was a sizable difference between regional and Statewide Review Committee project scores the regions were contacted by the Department of Transportation (Department) and the differences thoroughly discussed.

A staff level conference to discuss the draft statewide list has been scheduled for August 20, 2003, at 10:00 a.m. in the Department's headquarters basement board room, which is located at 1120 N Street in Sacramento. The purpose of this conference is to discuss the draft statewide prioritized project list and hear any appeals on technical issues. Only appeals based on actions that occurred at the statewide level will be considered and the appealing agency, by letter to the Statewide Review Committee, will have to demonstrate, using documentation from its original application, that the Commission's adopted program criteria were incorrectly applied by the Statewide Review Committee.

Approximately \$11.2 million in funding (including the 20% local share) is expected to be available for the FFY 2003-04 cycle and an additional \$1.58 million made available from past grant cycles in which project savings was realized or projects were not completed, bringing the total estimated funding available to \$12.78 million. Given this estimate, projects with a Statewide Review Committee score of 72 and above on the enclosed list would appear to be candidates for funding depending on the outcome of the August 20 staff level conference. Please note that the 100% funding cut off has projects with scores of 72 above the 100% line and scores of 72 below the 100% line, the projects have been prioritized based on the Commission's adopted procedures for prioritizing projects. Also, in accordance with the Commission's adopted procedures and criteria for the program, the Statewide Review Committee reviewed projects down through a regional score of 42 points. This is done to maintain the size of the project pool

Regional Transportation Planning Agencies
Applicants for the Elderly and Disabled
Transit Program

Page 2

while still respecting the time available to the Statewide Review Committee and the level of resources available to administer the program. As in the past, Commission staff will probably also recommend including projects down to a 110% level of available funding, on the Commission's final adopted list, to allow for some flexibility if projects higher up on the list are not completed. If you plan to make a documented technical appeal, you must call the Department at their toll free number (888) 472-6816 to schedule a speaking time. Each agency will be allowed a maximum of ten minutes for their appeal(s). You must also put the appeal in writing and mail it to the following address (you may also fax the letter or bring it to the conference):

Statewide Review Committee - Section 5310
C/O Department of Transportation
1120 N Street, Room 3300 - MS 39
Sacramento, CA 95814
Attention: Mr. Christopher Herre

FAX: 916-654-9366

After the conference, the Statewide Review Committee will revise the list as necessary, and Commission staff will submit the final statewide prioritized list for adoption. The Commission will hold its mandated public hearing during its September 25, 2003, meeting in Sacramento to discuss the prioritized list and overall program policy. The Commission will then adopt the FFY 2003-04 Elderly and Disabled Transit Program.

Sincerely,

ANNETTE GILBERTSON, Manager
FTA Section 5310 Program
California Transportation Commission

Enclosure
